And here is Djwhal Khul’s latest Spirituality Article, information complimentary every Thursday:

(Channeling begins)

Djwhal Khul here. Tashi Delek.

I am going to begin with a Golden White color – something I use quite a bit here. The white being the Universal Christed energy that is predominantly available on the planet and the Gold is a very special Cosmic Christed color that has very strong healing properties.

Now, as we are moving through the Full Moon Lunar Eclipse energy, we have very strong probabilities in relationship to health and finances during this time. They tie in somewhat with the Mayan calendar, the Chinese calendar and a few other prophecy items, so there is quite a lot going around on the internet.

What I would say is that you can begin working towards the New Moon energy. We have a [call on that day](#) later this month. The New Moon, particularly for those who are New Age minded, can create success. This is a time to be very determined and decisive about creating a successful project, even up into that particular New Moon which is kind of a launch point. So I would say, focus on your building blocks now.

So the Golden White energy, bring that through the body. Also, just allow fear to fall away, just let it melt down, fall away. It has absolutely no power over you. Then coming in from above into the Crown Chakra, we are going to see Love. Fear, when it exists, means that Love is absent, and vice versa. So bring in the Love energy. Good, really fill the body with Love.

So this is just a little bit of a short prediction of what is coming up in the next couple of weeks so that you can prepare yourself as Lightworkers. Then working with an enlightenment energy, you can just go retro in time to the moment that I sent that out or just tune into it organically for 44 seconds just to increase enlightenment from within.

Then we did a more profound sequence of exercises in "[Enlightenment and Spiritual Maturity](#)". I would invite you to go and look at my "[10 Signs of Spiritual Maturity](#)" on the blog. If you want, you can print it out from there. They are guidelines to endeavor to follow to increase your own awareness of Mastery and Spiritual Maturity.

Alright. There is a very, very powerful aftereffect of the Full Moon and Lunar Eclipse from August 5, a very powerful aftereffect, for the next three days. Health and finances are also going to continue to see more people rather quickly leave the planet, whether it be an accident or a sudden illness or something. There will be a lot of death transits going on.

It happens to be a premium time for transitions because of the way in which death is recorded in the Akashic records. In other words, your birth shows what auspicious dealings you have in your astrology chart. Your name given at birth shows your numerology and all the tools and things that you have to work with there. Your point of death also shows what is happening in the Heavens, what the afterlife interim will be, how soon you will reincarnate, how much karmic clean up is on the inner planes in between those two time periods, etc.

So there are also auspicious death days as well as auspicious birth days. And I think that we are naturally in the time window there. World affairs are not making it any easier. There is also a compression, like a pressure cooker, where if you don't blow off some steam, somehow, in meditation, exercise, singing, dancing, playing, anything, that it will begin to build up within. So find the way in which you release your excess pressure and make sure you are doing enough of that during this time period.

Alright. That is my Spirituality Article for this week. Thank you and my love to you,

Djwhal Khul
