(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright now. Today's article is about "Compassionate Aquarian Concepts".

As we embark on the Full Moon, which I am calling the Full Moon of Humanity, Wesak being a month prior, because there are 3 sacred moons in a row, the Christed, the Buddha or Wesak and

then Humanity. It is balancing the East and the West and invoking that balance within humanity and that service to the planet and to each other.

So we have some very interesting configurations now which encourage *imagining* living in complete self-love and therefore loving all thy neighbors and then *imagining* what does reality look like when this part of the Aquarian Age is active and realized.

What kind of compassion is held within? And what kind of compassion is expressed towards others? Imagining what other kinds of Aquarian concepts you can foresee, predict, experience and, most importantly, profoundly *feel*. Can you feel loving everyone? Can you feel the world at peace?

So this is a time to really kind of birth Aquarian concepts. Go with that Aquarian Age reality which you are here to help make manifest. So *imagine* it with as much feeling as you possibly can.

And then as always, any Full Moon, you can leave a jar of water out to charge in the moonlight. This particular moon will invoke deeper service towards humanity and a deeper sense of self-love within yourself.

Alright. I think that's all I have to communicate through the Spirituality Article information.

However, as a reminder, I am always available on the inner planes. And the invocation is for Ascended Master DK or Djwhal Khul, and then I can come and visit with you that way.

You can also reflect on the black and white image of me that was done for the Theosophical Society. So gazing into the 3rd eye of the picture or gazing into the eyes of that picture will also bring you directly in tune with my energies.

And together we can look at the future and bring in the emotional impact: that strong sense of Joy, a strong sense of Love, a strong sense of Peace and bring it back into the present moment.

Thank you and my love to you,

Djwhal Khul
