(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. A very potent time here. Hanukkah, Christmas, Kwanzaa, everything sort of coming up, but more notably that Winter Solstice happening when Uranus is going direct.

It has been retrograde for about five months so going direct in a fiery sign of Aries on the Solstice, 12-21, plus then we have a few other energies occurring that day that I think are going to produce interesting effects.

As always as a lightworker, as a conscious developing soul, be sure to make your intent clear of what you do want. That is very, very, very important and focus only on the positive, don't give power to what you don't want.

Uranus brings about changes, and here is going to bring about maybe possibly *fiery* changes so if everything sort of turns into a fireball for you, just go with that pace. Chase it. Work with the energies that exist and make the most of them.

Remember also, anytime we have a Solstice or an Equinox, there are brain changes. I do recommend brain sync dot com so that's www.brainsync.com and you can download some things to start listening to right away with headphones so that will help you.

Alright Dear Ones. As always, thank you and my love to you.
