(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. Well, we have an interesting dance with Saturn and Mercury and so life lessons, communications during a Mercury retrograde. We also have a lot of Love consciousness coming up to the surface and that's really more about Self-Love. So Saturday evening, that's February 7 is a really good, strong day for Love and if you're not in a romance, then maybe work with your *Inner-Love* for self.

A beautiful mantra, simply "I Love me", "I Love myself", "I love every part of me" or "I love all the parts of me". Play with the words until you find something that just makes you zing, like kind of a full body confirmation, what I call a Yum!, that it is powerful and that it is working.

Now really what's coming up here are Saturn lessons and Saturn has been billed as being a stern teacher however you can work with any thing in life "with grace and ease, please". So where I am going to direct you is to look at Life itself as being your absolute best teacher.

So what is Life reflecting back to you? What is *it* teaching you? When you get to experiencing lessons, essentially what you'll find is that it's very easy if you just move into beingness. When you get into doingness, then you can get into all kinds of issues and you certainly have to balance both of them but always retreat just into beingness because that is how you sort of reset your spiritual compass.

Alright Dear Ones. As always, thank you and my love to you.
