(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. We have a New Moon, Cinco de Mayo, New Moon, Mother’s Day then Jupiter Direct. It’s going to be a very interesting week. I think perhaps the two most notable from a cosmic perspective are the New Moon because it’s the half-way point between Wesak and the Full Moon of Humanity. It’s during a Mercury retrograde. Actually five planets are retrograde right now which is really causing some interesting things.

Then Jupiter goes direct on Monday. So that has to do with expansion. It does so in the sign of Virgo. It's been retrograde since some time in January so you might look at your personal financial picture or just anything that would signify the opposite of expansion, like more of a contraction, like how it affected relationships, how it affected politics, etc.

So Jupiter going direct is really a chance to expand and it comes with kind of a keen awareness or the urge even to organize the expansion and make things be as efficient as possible. Sort of like you might imagine Disneyland is organized so that it holds as many people as possible. So focus on that please.

Alright. As always, thank you and my love to you.
