And here is Djwhal Khul’s latest Spirituality Article:

(Channeling begins)

Djwhal Khul here. Tashi Delek.

Let’s begin please with imagining a beautiful golden spiral coming from above right down through the top of the head, spiraling down through the body, very gently; it is not a vigorous spiral, just a very gentle, cleansing, sweeping motion, clearing out a variety of energies through the body. This is a very simple method to clear your channel or clear your chakra column and to allow you to connect in with Spirit, directly from the Spiritual plane.

Let’s next go to bringing in a shaft of white light, sort of a beam of white coming down through the golden spiral, so both are happening simultaneously. The white light, it almost looks like a column of white, it’s a cylinder shape, probably, 8 or 9 inches wide, so it is pretty much larger than the top of the head, coming down through the body and really saturating the tissues there. So this article is about connecting with Spirit and connecting with Higher Self.

Now last week's article, we talked about powerful time to communicate and how you can brush up on Telepathic skills. That is still in motion, which is appropriate to focus upon. Now allow that telepathic, intuitive, psychic energy to keep coming in and naturally developing. Keep in mind that all of humanity is experiencing the same thing. This is absolutely appropriate.

All right. Finally we are going to bring in a magenta color, sort of a red violet color coming in, a pale color, right down the center of that white light column. This is kind of a feminine way of connecting to Divine Will which is normally a Red Ray. Work with it as a more refined version of red, that is void of the warrior-like energy but still is a direct connection to "Thy Will be done".

Now come straight down through the center of your chakras in more of a laser beam if you are needing to feel a little bit more synchronized with Divine Will. It can be maybe a ¼ of an inch or even ½ of an inch across and that comes straight down through the body all the way into the Earth. So that is your center line, something that keeps you aligned.

So you've got the golden spiral cause always sort of like if you were to pour, maybe put a marble into a tube and you can put a marble in and you can watch the marble spiral downward. You're going to see occasional energies spiraling downwards very softly and then the white large column of light, and then the magenta, thin column right through the center, as your automatic centering system and automatically aligning with Divine Will.

That is what keeps you connected to Spirit, just the intent to follow Spirit's Will, rather than the personal will or to follow your Higher Self rather than the personality's design. That's what moves one into a state of mastery and *out* of the sort of random "Life is happening to me".

You move into:

"I'm co-creating life."
"I'm making choices."
"I'm empowering myself."
"I am co-designing a better world."

All right everyone. That completes our Spirituality Article for this particular week.

Thank you as always, and my love to you.
