(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. We are going to begin with New Energy for a new beginning, or New Energy for a New Year. That will be our second Saturday in the month, in January when we do our monthly tele-seminar. So the second Saturday in January we’ll have a live class, also put on recording, transcript, etc. So, many ways to enjoy that if you want the more in-depth version.

Basically the number 2008 as a year corresponds to a 1 and as we begin New Year’s Day, we are going to have 1/1/1 and the power of that 1-1-1 is symbolizing incoming energies of the Holy Trinity so New Year’s Day is extremely powerful. It’s a time to line up body, mind and spirit or any other thing that you see as a Trinity of Consciousness. And I would encourage you to start thinking now about “What do I want about 1-1-1, what do I want my New Year’s Day to really reflect?” And 2008 in general is “New Beginnings”. And the idea of that particular configuration and all of the other things that are happening now astrologically and energetically, etc., is that we co-create in 2008 *based upon Future Awareness*.

In other words our new beginnings are made with Future Awareness; where we want to go rather than looking backward and repeating history. So particularly New Year’s Day is an extremely profound day.

Start setting it up ahead of time and if you get this message afterward, just roll back in time, roll where you are moving backward to midnight, at the very beginning of New Year's Day and set your intent specifically on where you want to go and what is your specific Holy Trinity that you are manifesting: body-mind-spirit or personality-soul-monad. Perhaps, you are balancing your spirituality with your earth practicality and your eternal spirit. There is some significance for you specifically in that Holy Trinity in that configuration.

All right then. Let us focus on the Divine Center of Truth; we work on the Divine Center of Truth and just invoke those words, Divine Center of Truth. As you feel that energy, it should be in your awareness that that is a place within. It should pull you in to someplace in your own consciousness or in your own body even.

"Divine Center of Consciousness"

Just saying the words actually invokes it. Every time that you reinforce that "Divine Center of Consciousness" it will become more accessible to you. It grows larger. It becomes more powerful because you are focusing on it. Also very important to have in the year 2008.

All right everyone. That is your Spirituality Article for this particular week. I hope you have enjoyed the short teaching and as always, thank you and my love to you.
