(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. I got a little a deep into this particular channel's presence. I am going to create a vortex of light, spiraling down from the Crown Chakra through the body and that vortex energy is very, very helpful for clearing debris.

It is also helpful for, say, clearing a busy mind, maybe some sinus congestions, foggy vision, etc. So you can work with that vortex of light coming down from the Crown Chakra. It can come all the way down through the body, a long kind of thin vortex of energy.

Now my topic for this particular week is on the Absolute Love. Absolute Love is sometimes referred to as Divine Love, however the subconscious which carries programming from many lifetimes will see specifically that it separates Divine from earthly or mundane.

So a term that I am coming up with fresh here, as I study the consciousness of Humanity, and look for ways in which you can offer spiritual growth within yourself without encountering negative programming from the past.

So Absolute Love would be the term that I would suggest for the Aquarian Age and you can switch it around a little bit with affirmations such as "I Absolutely love myself," "I love myself Absolutely," or "I experience Absolute Love." The last one I think is probably the most potent. "I experience Absolute Love." We will do that one, one more time in case you would like to recite it with me. "I experience Absolute Love." Alright then.

So that is one of the ways that you can work with it. Now you have other affirmations or you work with hypnosis or any other things there and you want to work with that. The key word is Absolute in relationship to say, forgiveness, or any other aspect of your consciousness that you're working on purification. That word should be far more effective than other words at the moment.

Alright. That is my Spirituality Article information for this particular week. As we get closer into holidays and things, I will be offering you some coping skills and what not for dealing with stress and a few other things.

But remember that Absolute Love is what you can exude if people around you are stressful or you are in a stressful situation or you yourself are feeling stressed about things. Just invoke that Absolute Love and experience it, and it will balance many things for you.

Alright. As always, thank you and my love to you,

Djwhal Khul
