(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. Hmm. I'm going to talk about the Uranus Pluto Squares 7 of 7 that is coming up on March 16 and it's been a tumultuous time period but there's really more fallout after the last square. So I'm going to talk about it in part this week and then again next week.

I would suggest that you really take a deep look at what *is* working in your life and what is *not* working in your life and then to go more deeply into the world. What *is* working and what is *not* working.

When I take it to a global scale, I'd say peace is working in many places, war is not working. Really kind of take a look at what Pluto and Capricorn is calling for justice and really a remodeling of humanity and maybe even a complete *remodeling* at how you look at consciousness at a very deep level.

Now you look at time and space. The one thing that is absolute is spirit is eternal so all things in Creation will always exist, maybe in a different shape or form but it will always exist. Therefore *you* always exist.

And that can kind of come back to a core realization that I think will help stabilize this time period.

Alright Dear Ones. As always, thank you and my love to you.
