And here is Djwhal Khul's latest Spirituality Article, information complimentary every Thursday:

(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. This week we have Venus going direct and we're kind of preparing for a New Moon, a Blood Moon, and a lot of things going on through the end of September. A very intense month and quite a strong probability of negative things surfacing and negative things being given power.

So I want to talk about Venus Love and how to use that energy as it goes direct to embody Self Love to a greater degree.

So embodying Self Love would be taking, really, the reins in terms of your own creative power and going kind of straight up to the soul or the Higher Self and then up to that *next* level which I call the Monad and then up *again* to the God Spark or the source of Creation.

And see yourself sort of being your own driver from all the way up there. You're taking the rein so you're guiding exactly where you're going to go and you're always heading towards Love and Beauty and a way of being with yourself that is a high quality of Self Love.

Alright Dear Ones. As always, thank you and my love to you.

Djwhal Khul
