(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. We are going to begin with a beautiful golden white light, sort of a Universal Healing Chi, it's white Christed and the gold Cosmic Christed, mixed together, and it's a good all purpose energy.

We are going to bring that spiraling down through the top of the head, much like a drilling motion, going all the way down through the body, rather gently though, just kind of a gentle, getting the energy moving. We want to see this is a kind of an eternal spiral, always in motion, always flowing.

Now, let's also connect with the consciousness of Gratitude, much like a quality of Creation and sometimes you can focus in upon an Angel of Gratitude, or Angel of Mercy, or Angel of Compassion.

So let's create a connection through this golden white spiral coming down through the head. It's kind of a direct pathway, like you might see a telephone line or something, you know. You've got your direct connection to the Angel of Gratitude.

And you can send a message up the spiral, maybe ask the Angel, "How can I feel gratitude for this particular part of my life?" or whatever it is and then see the response or the message coming back down.

Now sometimes it will come back down with a color. It might be a blue spiral, or it might be a little purple flash that comes through or maybe it comes through as a green shaft of light, coming down through the central channel. So you'll get color coded responses if you will, from the Angel of Gratitude.

Now just allow it. Now sometimes this particular angel gets a little ambitious and you might have one after the other after the other before you can even think of the question you are going to ask. That's actually a good sign; that means that you are open and receptive to the practice of gratitude. And, well goodness, that particular angel just really takes advantage of that.

You know, gratitude is one of the things that can come in a flash, like something like forgiveness, sometimes it's just all of a sudden, everything is forgiven, it just comes in a flash. Some of you in the spiritual world might call that a download or whatever it is. But I would call it the full integration of the energy. And gratitude can be like that as well. You just suddenly are really grateful for you know, that wall, placed exactly where it is, where before it might have bothered you, etc. So the eyes will see with gratitude. The mind will read with gratitude. The emotions will sing with gratitude as you continue to work with that energy.

Now this Angel of Gratitude can also come a little closer to you, in other words, you can ask that Angel of Gratitude to maybe ride on your shoulder with you to a particular meeting or a particular event or sit on your shoulder with you while you write that article that is a little bit late or whatever it is. So you can use that energy any time that you want and always see, this is the key element with the Angel of Gratitude. See the two way communication: you sending a signal of communication, the angel is sending it back to you and usually again it looks different the way the Angel sends it back.

Alright, everyone. With gratitude and as always with love. Thank you. And it is a blessing to work with you. Thank you so much. I am quite grateful to have those willing to learn.

EnJOY your gratitude,

Djwhal Khul
